COLLEGE EDUCATION OFFERED BY NAVY

By DEAN THOMPSON

San Jose States college students, 17 to 21 years old, are eligible to apply for a Navy sponsored four-year college education.

The Navy announces that the first nation-wide competitive examination for its officer college training program has been scheduled for January 18, according to word received from the office of Secretary of the Navy James Forrestal by Dean of Men Paul Pitman.

The program will be open to high school seniors or graduates within the age requirements, 17 to 21. Successful candidates will be given a four-year college education at government expense, and will be commissioned officers of the regular Navy or Marine Corps, or of the Reserve, upon graduation.

Application forms must be forwarded in time for receipt by December 17.

Students selected by these competitive examinations will be offered entrance in either the Naval Reserve Officers Training Corps (NROTC) or the Naval Aviation College Program (NACP).

Those selecting the former program will attend one of the 52 colleges or universities having

Taylor Calls For Representatives

ASB President Marty Taylor asks all organizations to send representatives to tonight's meeting of the Student Council at 6:30, so that they may report all pertinent information to their respective groups without delay.

LYCURGUS DEADLINE

Things are moving rapidly toward the publication of this quarter's edition of Lycurgus. All the staff is working to meet tomorrow's deadline. Editor Margaret Moore urges any student who wishes to contribute to do so before that date.

Written material may be in any vein—serious or humorous. It may include fiction, sport stories, features, or even original music. Miss Moore states that if any music is contributed that can be put into magazine form an attempt will be made to publish it.

Material that is handed in should be given to any of the editors or to department heads: literary, Dr. James Wood; art, Milton Lanyon; photography, Norman Ansley.

The Fashion department, under Editors Carol Anderson and Mary Price, has been enlarged to a four page layout. Practically all the women's clothing modeled on these pages is worn by State students.

Speaking of the bookkeeper, Marie Dinos, Miss Moore said, "Miss Dinos has started a new set of books, so simple that any member on the staff can understand them."

Marian Samuels, advertising art editor, has taken over the position of make-up editor due to the resignation of Glenna McQuisten who is ill.

CHEAPER ATOMIC BOMBS MADE

PRINCETON (UP)—"The atomic bomb can now be made far more cheaply, and with more destructive force than those which blasted Hiroshima and Nagasaki," declared Albert Einstein and eight other noted scientists yesterday, as they appealed for a million dollar atomic energy education fund.

They declared that there is no military defense against the atom and that it would be practically impossible to create a defense against. The scientists declared also that the only method of preventing an atomic war would be by international control of energy and the elimination of war.

Scientists estimate that the average cost of each bomb is around two million dollars. Dr. Harold Urey was also one of the eight scientists who made the million dollar appeal.

KSJO WILL AIR RADIO GUILD BROADCASTS

Station KSJO will broadcast the first San Jose State college Radio Guild program Monday, November 25, at 4 p. m. This will begin a series of news programs about the college which is to be presented every week except during finals and vacations.

Dr. Edgar Willis, faculty adviser to the Guild, explained that the program will be written, produced and presented by members of the Guild. Source of the news presented on the program will be San Jose State college. It is planned to have various well known students and faculty members interviewed on future programs. There is also a possibility that such broadcasts will be made direct from the campus.

(Continued on Page 3)

CCF Conducts Meetings Here

Beginning today the Collegiate Christian Fellowship will hold its meetings in the Morris Daily auditorium. A special program consisting of a song service led by Bob Pitman, a message in song by a men's trio, and an address by Russ Churchill will initiate this first meeting.

The Collegiate Christian Fellowship is a member of Inter-varsity Christian Fellowship, which is an inter-denominational, inter-national organization.

A cordial invitation is extended to all members and interested students by President Dave Fraley.

STEEL INDUSTRIES AFFECTED BY STRIKE

PITTSBURGH (UP) — The nation's steel industry was taking stock of its dwindling fuel supplies today and have begun plans to curtail to conserve their supply in case the threatened coal strike materializes.

The companies have up to now been forced to use more coal than they usually used before due to heavy production demands. If the coal strike materializes, the industry plans a gradual leveling off in order to permit the use of more economical operation of coke ovens and blast furnaces.

H. A. Sutter, District solid fuels administrator, declared that his district steel companies have from seven to 15 days supply of coal on hand.

PALESTINE TERROR REIGN CONTINUES

JERUSALEM (UP) — An officer of the Royal Engineers and three British policemen were killed and five soldiers were seriously injured yesterday when a mine planted by the Jewish underground blew up their truck near Lydda.

The truck burst into flames immediately after the explosion and three charred bodies were found in the ashes.

HUBBA PARTY

Attention all seniors . . . be sure to attend the Hubba Hubba party tomorrow night at 7 in the Student Union. Get in the spirit for the Junior-Senior Mixer. Listen to Dr. Robert Rhodes tell of other senior classes and their activities. Join in the fun!

STUDENT BODY WILL VOTE ON NEW COLORS

The entire student body will have the final say on what the new color combinations will be if the yes vote carries at Wednesday's election, announces George Milias, council representative in charge of the election.

"If the proposition carries," says Milias, "a committee of students faculty, and alumni will draw up four or five combinations to submit for student vote."

GEORGE MILIAS

George Milias, senior representative to the Student Council is in charge of the election to be held Wednesday to determine whether Spartans want to discard gold and white as their college colors.

DORIANS HOLD FIRST EVENT

The Dorians, a new faculty social dancing club, will hold their inaugural affair Saturday night, November 30, in the Student Union. The program dance is open to all members of the State College Faculty and Administrative staff and their partners. It will be semi-formal.

Admission to this first dance, featuring selected recordings, will be \$1.20 per couple. Tickets will be available from club members or in room 13A any afternoon.

The group is named after the ruling race of Sparta, the Dorians. Following the first dance, membership will be open to those of the faculty and staff who are interested in dancing as a social activity.

A series of dances for members and their guests will be held during the winter and spring quarters. Tentative plans include a formal New Year's Eve dance and an informal St. Valentine's Day affair.

ROSE BOWL PICTURE DOWN TO FOUR

NEW YORK, (UP) — Four teams still remain eligible for the New Year's day annual classic at Pasadena. This was revealed by Oscar Farley, UP sports writer after a hectic weekend of football. The teams still eligible for certain are UCLA, USC, Michigan, and Illinois, the surprise team of the nation.

Should the proposed Big Nine and PCC agreement fall through, there are two other probable choices left. They are Army and Georgia. Only Georgia and UCLA remain undefeated and untied. Both have won eight contests.

CHECKS FOR VETS

E. W. Clements, vets coordinator, states that veterans who have not received their checks for October may be paid within the week.

According to plans made by the council, this committee will consider all suggestions made by the student body, and will, in fact, encourage suggestions.

"We want to make sure the students are getting what they want," explains Milias. "That is why we plan run-off elections until one combination gets a marked majority."

Ballot for the election will read: I Do Favor a Change of School Colors . . . YES or NO.

The main argument offered by advocates of the change are that the gold and white combination has been proven inadequate by the fact that it is not used for block sweaters, rally committee jackets, council jackets, or other places where school colors are normally used.

Opponents to the proposition object on the grounds of tradition, and that any other combination would have to be copied from another college.

Junior-Senior Mixer Tomorrow

New time for the junior-senior quarterly mixer tomorrow evening is to 11 in the Women's gym, says Sal Millan, junior mixer chairman.

The evening activity will be a friendly get-together of dancing and entertainment for the upper-classmen. Decision as to whether the juniors or seniors are superior will depend upon the number of students present from each class. Only students arriving between 8:30 and 10 o'clock will be counted and student body cards must be shown upon entering the gym.

Nancy Duncan, senior chairman, urges all fourth year students to attend, for it will give them an opportunity to meet fellow classmates as well as showing the juniors the seniors still reign.

Piano-trumpet specialist Nadine Jensen and the 540 boys, San Jose State college's "Sons of the Engineers" will be featured on the entertainment program.

"No one will go home hungry," says Roberta Quinn and Jocelyn Capp, co-refreshment chairmen, "for there will be plenty of food."

Music for dancing will be furnished by the latest and most popular recordings.

Sapphos Deposit Blood Tomorrow

Ten Sapphos will depart for the Red Cross Blood Donor center tomorrow morning to donate their services on behalf of the college. Last Thursday, William P. Bromley, Don Lathrop, Walton K. Brainerd, C. Knight Pitsker, and Barbara Stockholm were State's donors.

Red Cross station wagons leave from in front of the Student Union at 9:30, 10:30, and 11:30 every Tuesday and Thursday to accommodate student blood donors. Anyone interested in receiving detailed information concerning blood donor activities, should contact Howard Brose, Spartan night chairman of the program.

50 Scholars Will Meet Tonight

Fifty San Jose State college honorary students will gather this evening at 7:30 in the Student Union to hold the first quarterly meeting of the Society of Academic Scholars, state Mrs. Ada Carver, secretary of the faculty Phi Beta Kappa club.

Clorinda Burriesce will make a report on insignias, presenting several to the group for consideration as an organization insignia. Activities of similar organizations on other campuses will be discussed by Katherine Keintz, Franklin T. Algard will talk on The Observation on the Biology of Tarantulas.

Drs. Esther Shepard, Josephine Chandler, and Carl Duncan, committee from the faculty Phi Beta Kappa club, will sponsor the meeting.

MARITIME STRIKE ENDS AFTER 48 DAYS

SAN FRANCISCO (UP) — The costly 48-day old west coast Maritime shipping strike came to an end yesterday when the operators got written assurances from the rival unions to "unfreeze" the port of Coos Bay, Oregon. This was the last obstacle to maritime peace.

This affects 70,000 workers who will return to work after they vote today. The settlement took six days of continuous arbitrating between the operators and management under the guidance of Dr. Nathan P. Feinsinger and John E. Roa who were the special representatives of the secretary of labor.

Three Deans To Attend Meeting

Representing San Jose State college at a meeting of the deans from six California State colleges will be Deans James De Voss, Jay C. Elder, and P. Victor Peterson. The meeting will be held at Sacramento, November 25 to 28 to propose curriculum and organization recommendations for state college administration.

Musicians Arouse Scientific Comment

BOTTOMS UP

Bay-region industrialists interviewed during the recent tour of college newspapermen sponsored by the National Association of Manufacturers were curious about the reasons young college graduates are unwilling to start at the bottom in an industry and work up to executive positions.

Veterans seem to think they have lost too much time in the service, and that they are therefore entitled to a more senior status in the business world, said the industrialists.

There is another factor involved, however, that cannot be ignored. Veterans who will graduate from college in the next three years will be marrying women who have already graduated from college and are now working in reasonably well paying jobs. Their present salaries plus the increases in income of their families during the war has accustomed them to a rather high standard of living.

Naturally, they will want to maintain this standard; hence veterans seek positions with more dignity—more pay.

Many women seem to think there's something wrong with a man with a college degree who isn't working a "white collar" job. What these women, and also many men, fail to realize is that a man, starting from "the bottom" with a college degree and the ability to get along with people, learns, as he progresses rapidly, enough about the business to enable him to fit into more responsible positions when they are available.

No man can make the best decisions about a business unless he has a thorough knowledge of the business.

THRUST AND PARRY

CHANGE COLOR

Thrust and Parry:

Yes, let's change our colors. Make them red and white. Then Santa Clara county can boast of a unified front. We will then have joined the ranks of Santa Clara and Stanford.

Or make them blue and gold. By doing that, we wouldn't be joining the University of California's flock—Cal. Aggies, UCLA, Berkeley, Santa Barbara, and Lick Observatory. Rather we would join a group of smaller schools trying to cash in on the fame of the blue and gold.

It just doesn't make sense—so why change?

They still get gold out of the ground, and white is the aim of laundry work—but on the Pacific coast when they speak of "Gold and White," they speak of San Jose State college.

—ASB 4219

WHERE DO WE EAT?

Thrust and Parry:

Where do we eat? We individuals who bring our lunch to avoid the high prices, slow service and murky atmosphere of local restaurants deserve some recognition in the college set-up when the rainy season begins.

It shouldn't be necessary to gulp down our sandwich and apple in the chill dampness of the arcade when specified classrooms could be set aside as lunch rooms from 11:30 to 1:30.

If adequate receptacles are provided for our paper sacks and lunch boxes, the room would be left in good condition too!

Or let our service clubs monitor the rooms if that is thought necessary. The health and well-being of our students is concerned, so let's see some immediate action on this matter.

—ASB 109

NOT LOOPED

Thrust and Parry:

In hearty retort to an asinine student's comment upon the "Majority Looped" as you so aptly put it, I must throw in my two-bits worth of personal views and comments.

To begin with, my uninformed colleague stated in his letter that he didn't ride the train to the COP game and was glad that he didn't. He bases this absurd opinion upon comments of his friends and hear-say. If he is one that will believe everything he hears in like manner I might just as well tell him the earth will end tomorrow. He also stated that someone wanted to know what kind of a college he went to, and I'd assume from his letter that he's the type of fellow who, when if something did go wrong would change sides instead of sticking it out. From what I saw and gathered from reading the Spartan Daily the other day, the game, train trip, and student discipline was exceptionally good. Of course there were a few bottles being passed around, when aren't there? I noticed a few high students but they were acting respectful and handling themselves accordingly so we'll excuse them. The majority on the whole were a credit to our college and acted as becoming gentlemen and ladies should.

and ASB 4791

Uncle Dan'l Boone Speaking

MOREHEAD, Ky. (U.P.)—Uncle Daniel Boone Smedley, 88, thinks he is the "rootenest-tootenest, straightest-voting" Democrat in the United States. Smedley, who remembers when Union soldiers camped in Rowan County, has missed but one election. Then he was too ill to be hauled to the voting place.

BAND MEMBERS GROW UP PHYSICALLY ALSO NEW MARCHING UNIFORMS TOO LARGE FOR 1942 UNIFORMS

By WALLY TRABING

Local anthropologists momentarily relaxed from their bones, and biologists looked up from their microscopes to raise an eyebrow to a trade phenomenon transpiring before them on Washington Square.

In 1942, the San Jose State college marching band, under the direction of Thomas E. Eagan, took to the field with 10 or 12 uniforms too large for its members, and many had to march without the gold and white. Then came the war, and the marching band disbanded.

THEY GROW LARGE HERE

Above musical giants of the new band is left, Steve Connally, and right, Lynn Buttane.

This quarter, the band re-organized under the direction of Forrest J. Baird, but a physiological change had taken place. The size proportion of the whole band had shifted, leaving, strangely enough, 12 uniforms too small for any member. There were no uniforms too large to be fitted.

P. T.

A large part of this increase in physical size of the band members was contributed to the three and four years absence of men and women who entered the service. About seventy percent of the band members are freshmen, and according to Mr. Eagan, about 90 percent are new band members. Although women band students were presumed to have also grown in stature, most of them were able to fit into a uniform.

Dr. Robert Rhodes, professor of Biology, stated that although the services and natural maturity was mainly responsible for this shift, the average college freshmen is gradually becoming larger. The weight of men in America is increasing 1 inch every 35 years, and it is generally accepted that people in California schools are larger than the average.

STEAKS

Dr. Jay C. Elder, anthropologist, Dean of Lower division, said "that outside of checking individual growth and glands, he would contribute this change to the steaks and choice selection of meat the men had consumed. The women had to stay home and eat vegetables."

Meanwhile Mrs. Anna Reid, mother of Drum Major Bob Reid, came to the rescue, and is tailoring the undersize uniforms.

WOMEN'S FEET

"In four or five years when the student size returns to normal, we'll probably have to enlarge the small ones, and reduce the size of the large ones" groaned Bandmaster Baird.

"It's a good thing the school doesn't have to furnish the shoes also" soothed Dr. Rhodes. The latest scientific data reveals that women's feet are getting larger.

Keeping Up With Joneses

Headache to University
LINCOLN, Neb. (U.P.)—University of Nebraska officials are plagued by Johnsons, dizzy from trying to keep up with the Joneses.

Six Robert Joneses are enrolled, eight Robert Johnsons and four Ralph Johnsons. Complicating matters further, there is a Maurice Johnson and a Miss Maurece Johnson.

AROUND CAMPUS

With HURMUSES

A few days ago, officials of the CCAA voted on eligibility of team representation in the Fresno Raisin Bowl. Under the present conditions, passed last week, the top team of the CCAA will play in this New Year's Day classic.

This is just another step forward for us . . . and the rest of the colleges in our league, San Jose, Fresno, San Diego, Pacific, and Santa Barbara have all shown themselves in the past years of competition to rate a "bowl" of their own . . . small as it may be.

Let's all hope that the San Jose Spartans will make their first debut . . . come January 1.

It was a gloomy Thursday for a lot of us. The "blue card," appropriately named, filled many an empty mail box. Actually, the cards just scared the devil out of anybody unfortunate enough to get one. . . or more.

But blue cards should be looked at as an advantage to the student. It's an added stimulation to start digging in the short time that's left. Certainly nothing is lost by getting any . . . except a little sleep, maybe.

A quarter of school can pass awfully fast, and fast "check-out" on present grades is O. K. once in awhile.

Well, the Chapel Ball Saturday night was a jump closer to our Chapel. Like any piece of building, it's going to take a little time to complete. Certainly won't be completed in our years here . . . but it's coming. In the future, the classes of '47, '48, '49, and '50 won't be forgotten . . . We "broke the ground," and "turned the first shovel."

Congratulations to Sappho, Delta Theta Omega, on their dance, and Allenian Society on the Chapel Benefit Fashion Show this coming Sunday. It's all swelling the fund.

COMMISSIONS EARNED IN NAVY

(Continued from Page 1)

NROTC units where they will receive from the government the cost of their tuition, books, normal fees, and \$50 a month for the four-year period of education.

Upon graduation, they may be commissioned in the regular Navy, and will be required to serve two years on active duty if commissioned. Upon completion of these two years, they may apply for a permanent commission, or transfer to the Reserve and return to civilian life.

NACP

Those selecting the NACP, age limit 17 to 19, may go to any accredited university, college, or junior college, providing they are accepted for entrance. They will receive the same government benefits. After two years of study, they will enter a two-year program of flight training and flight duty as midshipmen, after which they will be commissioned, and service a year on flight duty.

Upon completion of this duty, they are eligible for a permanent commission in the regular Navy or Marine Corps. If accepted, they will be sent to a designated school for two years of further professional education with active duty pay.

\$100 PER MONTH

If, however, they do not wish to remain in the regular service, they will be given Reserve commissions, and released to inactive duty and provided an opportunity to return to college for two more years with tuition, books, fees, and \$100 a month furnished by the Navy, so that they may complete their college education, according to the report.

Dean Pitman has a "Bulletin of Information" on the subject which is available to all students. "It sounds pretty good," he said.

Guild Productions Presented on KSJO

(Continued from Page 1)

A second series of programs, entitled "Short Story Playhouse" will be given every Wednesday afternoon at 1:30 over station KLOK. These programs, beginning November 27, will be radio dramatizations of famous short stories. Writers for the Radio Guild will choose and adapt the short stories for dramatization. All parts will be acted by members of the Guild.

A special interview with the president of the College Patrons association will be presented by the Guild Tuesday, November 26. The interview will be conducted by Charles Anderson over station KSJO at 1:30. Purpose of the interview will be to inform the public about the CPA and what it does for San Jose State college.

All programs are presented by the Radio Guild as a public service in cooperation with stations KSJO and KLOK.

AYD Reorganizes Tonight in R-20

The San Jose State college chapter of the American Youth for Democracy will hold a reorganization meeting at 7:30 this evening in room 20.

Officers will be elected for the coming year, and plans will be discussed at the meeting, announces Shiela Markoff, acting president.

The purpose of the organization is to develop student thinking and understanding of current social and political problems, states Miss Markoff.

Freshmen Win First Event In Mixer

The Freshman class won the tug-of-war, initial event of the Soph-Frosh mixer yesterday.

The pull took place on the San Carlos turf and lasted 43 seconds. Dr. G. A. McCallum, adviser of the class of '49 (the sophs) was the starter.

A de-pantsing contest which took place at 4 o'clock was difficult to judge. Caretakers are still removing bodies and replacing divots on the San Carlos turf.

Plaid shirts were much in evidence on sophomore backs, and green ornament, hair ribbons, etc., were worn by many of the freshmen.

Pastor to Address Cosmopolitans

Reverend Joseph Hutcheson, pastor of the African Zion Methodist church of San Jose, will be the guest speaker of the Cosmopolitan club tonight at 7:30 in the Student Center.

The club is open to all students who are interested in people with different ideas, creeds, and racial views. Election of officers will be held tonight.

FLYING CLUB NEEDS PILOTS

Pilots are needed for the Flying club's breakfast flight to Monterey Sunday morning, according to Betty Doyle, secretary-treasurer of the club.

"We had a lot of fun on our breakfast trip last year," says Miss Doyle, "and would like to do it again this quarter, but plans will have to be cancelled if we don't have enough fliers."

All students interested in the project—especially those who can fly—are asked to see Dr. James O. Wood of the English department or put a note in the F box on the organizations side of the mailboxes in the coop.

For Those Holiday Parties

Learn or modernize your dancing. A few lessons are all you'll need. Gordon Keith instructors are trained to teach you in the shortest possible time.

SPARTANS EDGE SAN DIEGO 6-0 IN GREAT DEFENSIVE BATTLE; NEED FRESNO WIN FOR BOWL BID

By DICK FRY

Balboa Stadium, San Diego, Calif., Nov. 16. A determined bunch of "bowl-bound" Spartans refused to settle for a scoreless tie here in Balboa Stadium tonight, driving 67 yards in the third period to defeat a hard-fighting band of San Diego State College Aztecs 6-0 before a crowd of 11,000.

Tonight's victory assured San Jose of at least a tie in the CCAA title race with one game remaining to be played. Fresno State, by virtue of their 13-12 win over COP, is the only team standing between the Spartans and a bid for the Raisin Bowl on New Year's Day. A victory by the Bulldogs would throw the league standings into a three-way tie between San Jose, San Diego and Fresno.

It was a disappointed crowd of 10,550 Aztec fans that left the stadium tonight after watching a defensively great San Diego team go down before the Spartans in a game that featured terrific line play by both teams. Slightly more than half a hundred San Jose players and spectators left in somewhat of a gayer mood on the wings of their hard-earned win. The Spartans had to play, and did play, their best defensive game of the year to win.

Despite the gruelling power ball featured by both squads, the Spartans came through virtually unscathed. Val Marchi, who played a lot of tackle for the gold and white tonight, was carried from the field in the fourth period after accidentally being kicked in the head, but the big lineman suffered no ill effects. Barring practice injuries next week, Hubbard's men will be in top shape for the Bulldogs.

A pair of fumbles early in the first quarter set the Aztecs up deep in Spartan territory, but the combination of Captain George Terry, Marchi, Joe Juliano, Hans Weidenhofer, Bob Creighton, and Dean Sophia in the line for San Jose kept the Montezuma team from pay dirt. In the course of the evening the Spartan forwards, aided by a good pass defense, repelled six Aztec touchdown-bound drives.

San Jose cashed in on their only sustained drive of the night shortly after the start of the third quarter when they drove 67 yards to send Al Hardisty over from the five. Hardisty led the drive, piling up yardage the hard way—through the Aztec line. Al had the Aztec's number tonight, and with the Spartan line opening the holes, drove to San Jose's sixth victory.

Intramural Play In Second Week

There will be a meeting of intramural water polo and touch football captains Monday at 12:30, according to Wrestling Coach Ted Mumby. The meeting will be held in the office of the Men's gym.

Contests for Monday will feature the Sharpshooters vs. Unknown Quantity and Freshmen vs. the Grinders. Both basketball games start at 12:30.

Results of yesterday's games were Newman Club, 52 Unnamed, 22. The Mighty Mites defeated the San Leandro Cherry Pickers 22-21 in the first overtime game of the intramural season. Kane of the Newman Club was high point man of the day with a total of 16 digits.

PORTAL'S SHOW; NOVICE TOURNEY OPENS IN CIVIC

The first post-war Novice Boxing Tournament will be held during the first part of next quarter on January 14, 15 and 16, according to boxing Coach Dewitt Portal. The quarter and semi-finals will be held the first two days in the Men's gym. The final matches will be held in the Civic auditorium on Thursday, January 16.

This tournament is one of San Jose State college's biggest athletic traditions, and has been held annually except for the war years. Mr. Portal wishes the following information to be published for the benefit of many new students, so that they may become acquainted with the organization of the tournament.

ELIGIBILITY RULE

The Novice Boxing Tournament is for beginners. Any man who may have had more than three boxing bouts while in the service, is ineligible for competition in the tourney. The finalists will receive rewards of gold and silver medals.

All varsity candidates, who because of previous experience, are ineligible for competition can qualify to act as coaches for the various teams. It is their responsibility to sign one competitor in each weight division, and to coach second and advise each candidate on his team.

TROPHIES AND CONTESTS

Each squad will be limited to two managers, a head coach, and one assistant. The winning coach will receive an appropriate trophy.

Competition will be contested in the following eight weight divisions: 125, 130, 135, 145, 155, 165, 175, 190, and unlimited. Each competitor must weigh in on Monday, January 13 between 8 a. m. and 6 p. m.

Each coach must secure some campus organization to support his team. This is usually done by organizing a rooting section. The best rooting section will receive a trophy. Five bands were present in 1942. Three sororities entered teams, and some group had a special color scheme in the dress. Each organization had a yell lead-

Spartan Babes In 13-6 Win Over USF Junior Varsity

By PAUL VON HAFFTEN

A crowd of 300 people saw Bud Winter's hard-fighting and powerful San Jose Junior Varsity grid-iron machine come from behind in the final quarter of their last game to topple the University of San Francisco Jay Vees from the unbeaten list Saturday night at Spartan Stadium by a score of 13-6 in a thrilling contest that was undecided until the final gun. It was close all the way, with San Jose's end Bill Wilson scoring the winning touchdown shortly after tackle Ray Engvall blocked a USF punt on their five.

USF scored first early in the fourth quarter on a pass from Spangler to Flattley who caught the ball on our 10 yard line and scampered over the goal line. Spangler set this score up by running about 25 yards on a faked punt.

Sparta tied it up a few minutes later when Ray "Stickey Fingers" Thomas caught a pass from Pat Felice and ran 58 yards to a touchdown behind Lee Landrum's brilliant blocking. With less than five minutes to play, the Dons were penalized 15 yards for holding which brought the ball back from her 18 to the five yard line. Engvall then blocked Spangler's punt and Felice later pitched the winning touchdown pass to Wilson. Jim Waterman converted.

For three quarters it looked as though the affair would end in a scoreless tie. The Spartans penetrated deep within the USF 10-yard line on four different occasions, but were held on downs. The Spartans outplayed the Dons throughout the contest. We grabbed eight first downs to six.

Felice, Landrum, Wilson, Engvall, and Thomas were among our outstanding stars. In fact it was hard to say who played the best—the way those linemen smothered the Don running attack, and blocking, speed and alertness of the Spartan backfield. Spangler was USF's outstanding man.

er, and the group sat together in a reserved section.

Another trophy will be rewarded to the organization which puts on the best five-minute entertainment act. In previous tourneys, there were hula dancers in the ring, singing quartets, beautiful majorettes, and organized stunts by rooting sections with candles and house lights off.

Students interested in the tourney are invited to consult Coach Portal in the office of the Men's gym any time for further information.

INTRODUCING TED MUMBY... WRESTLING COACH AND WORLD TRAVELER EXTRAORDINARY

By PAUL VON HAFFTEN

Life is as exciting in India as it is in the United States, according to wrestling Coach Ted Mumby who has traveled from Bloomington to Bombay and historic Lucknow during his active athletic and coaching career.

Coach Mumby's native state was Michigan, but he resided in Indiana most of the time. He graduated from Indiana University in 1921. During his athletic career at Indiana, he played guard on the football team, and became the "Big Ten" 175 pound wrestling champion.

TRACK NOTICE

Varsity track season gets underway at Spartan field this afternoon when Coach Bud Winter issues the first call for cinder practice.

All men who are enrolled in PE 34V must report to the field house today for equipment issue and beginning instruction, according to Winter. Since this is a regular course given by the PE department for credit, roll will be taken, and credit will be given on the basis of attendance.

ANNOUNCEMENT

The following people signed for lockers in the Dean of Women's office. The keys are now ready. Please call at the information office and see if your locker number is registered there.

John C. Hubbs, Jane M. Fisher, Audrey Auerbach, Patricia Thom, Patricia Baker, Robert Gray Hess, Alan Stewart, Calvin Mak, Donald E. Hartsough, Edwin K. Johnson, B. J. Collins, David W. Fraley, Frank Yamaji, Lucretia Shields, Shirl Schafer, Martha Emery, Bob Abler, Bev Dunbar, Rose Chin, and Milton Smith.

John Racich, Emily Rodrigues, Janet Koppel, Tom Taketa Shojiro, Peter Wolff, Sylvia Duncan, Lucille Borge, Ola Mae Reed, Faye Christensen Bill Stollenwerk, Marietta Zaro, Jack Carleton, Marion Tanons, Nancy Stafford, Benny L. Smith, Winifred Boer, Winifred Ooghe, Juel Rae Adams, Irene Filter, Betty Boldin, Ernest Orr, Edward Tavares, M. C. Tavares, Marie McBride, Kinney, Betty Jean, Kinney, Marie, and Marilyn Green.

Peelings Produce Spuds

WOODSTOCK, Vt. (UP) — While peeling potatoes, septuagenarian Frank Switzer wondered whether he could raise his own spuds from the peelings. As an experiment, he planted the peelings and got 17 potatoes.

His greatest athletic prowess happened in 1921 when Coach Mumby wrestled in two weights against Indiana's traditional rival, Purdue, and won in both the 175 pound and heavyweight classes to whitewash the Boilermakers that year.

The wrestling coach also played football against the immortal George the "Gipper" Gipp famous Notre Dame halfback. Coach Mumby declared that the "Gipper" was a great punter and runner.

ARRIVED IN INDIA

Mr. Mumby arrived in India in 1921, and became the director of physical education at Lucknow Christian college, where he coached several championship teams. He brought an India Olympic team to Los Angeles in 1932, when his squad took first place in hockey and fourth in the high hurdles semifinals.

Two years later, Coach Mumby took another squad to London for the British Empire Games. This was the first time that any team from India picked up any points in the Empire classic.

His greatest thrill in India, however, was the time when he climbed the 14,000 foot Pindari Glacier where he shot a bear. Coach Mumby was about halfway up the mountain when some huge icy rocks or boulders began to crumble and crash down the mountainside. After several hours of effort, they finally reached the top and later returned to safety.

BEAT CALIFORNIA

Coach Mumby's career at Stanford University was highlighted last year by the event when the Cardinals won their first wrestling match from California since 1917. Three of his men won all conference honors in the 135, 155, and 165 pound classes.

Coach Mumby hopes to have a successful and an interesting season in wrestling during his first year as head mentor at San Jose State college. He stated that he has a fine looking bunch of promising wrestlers.
